ABOUT ME

I am a dedicated and enthusiastic Web Developer with a strong passion for coding and building responsive, user-friendly web applications. With a solid foundation in front-end and back-end technologies, I continuously strive to learn new frameworks and tools to enhance my development skills. Driven by curiosity and creativity, I aim to contribute to impactful projects and grow as a professional in the tech industry. To know more about me and my skills you can see my portfolio .

WORK EXPERIENCE

Student Intern – IMED, Pune

- Planned and coordinated fundraising events for student organizations.
- Participated in faculty meetings to discuss academic projects.
- Advised classmates on course selection and academic planning.
- Balanced academics with extracurricular activities to foster personal and professional development.
- Attended additional classes to gain subject expertise and formal recognition.
- Maintained positive relationships with peers and faculty members.

Projects :

• Personal Portfolio :

I created my personal account portfolio using HTML,CSS & JavaScript In which i had posted about my skills and projects

• Spotify clone :

I had created a spotify web clone as my college project using HTML,CSS & javascript
It has multiple pages like login & signup page with validations and many other pages which you can see in my portfolio
